

KV Pharmaceutical Company

I wanted to pass along our sincere gratitude and thanks for all of the hard work and determination you put into helping close the danazol study!!! We had about 34 patients enrolled when you started screening and we are VERY PLEASED to say that as of last week we have successfully completed enrollment at 66 patients!!! There is no way we could have completed this without each and every one of your contributions-while everyone is there for BVVC, please raise your glasses and send a toast on my behalf to a wonderfully successful study and teamwork!!!

ZA VAS!
