

SPECTOR Consulting

Hello Dmytro,

Thanks for all of your hospitality this past week in Kiev and congratulations on the success of the Investigators Meeting. I have organized a few of these during my career and I fully understand the level of stress involved and the complexity of dealing with all of the moving parts. You and your team did a great job and the closing dinner will probably become famous in the history of Kiev IM's.

I really look forward to working with you and supporting you in any way possible.

Best regards,

Owner
