

## **Santen Oy**

Dear all,

As you all already know we completed the patient screening in our study on schedule with total of 710 screened patients!

This is a huge achievement and would not have been possible without your hard work and contribution and excellent relationship with your investigators.

Congratulations and thank you for the great performance - I'm truly happy to work with such professional teams!

I think it is time for you to celebrate this accomplishment!

Warmest regards,

Clinical Research Manager
