

**Global CRO,
Local Expertise**

**YOUR TRUSTED PARTNER FOR
DERMATOLOGY
STUDIES**

Our dedicated team of dermatology specialists brings a wealth of knowledge and experience to your research projects. Stay on the cutting edge of dermatological research with our state-of-the-art technology and methodologies.

GCT has been conducting dermatology clinical trials since 2001 precisely and efficiently to advance treatment options. We utilize advanced imaging and diagnostic techniques for in-depth skin analysis.

With our access to an extensive network of dermatology experts and research sites worldwide, we can achieve enrollment for wide range of indications quicker than industry standard.
